"Lincoln-Way Community High School District #210 does not discriminate on the basis of color, race, gender, nationality, religion, religious affiliation, handicap, or disability."

February 6, 2013

Mr. Jim Randall  
Executive Director  
Frankfort Square Park District  
7540 W. Braemar Lane  
Frankfort, IL 60423

Dear Jim,

In fifty years of working with three outstanding school districts, I have come in contact with some good park districts; however, I have never, NEVER worked with a park district as caring, organized, community-centered, and well led by a board and staff, as that of the Frankfort Square Park District. Because of the great programs available to all age groups – from preschool kids to senior citizens – your organization is the hub of the Frankfort Square community. I have entrusted the non-school scheduling and use of our school facilities to your organization to a greater extent than ever before because of the honesty, trust, and integrity you and your staff have exhibited.

The Frankfort Square Park District's College Scholarship Program has awarded over \$44,000 to forty-four Lincoln-Way North High School seniors since the school's opening in 2007. These dollars have allowed our graduates to receive some type of post-secondary education, enabling them to become leaders in our communities, which makes the Frankfort area a better place to live and raise a family. How can we thank you for this generosity?

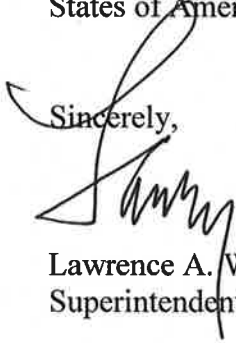

All of the Lincoln-Way North High School facilities are open for park district use seven days a week. Giving back to our students and helping maintain our grounds is part of a unique intergovernmental agreement that works only because of the recreational and community philosophy put in place years ago by you and your board.

As I move toward retirement and reflect on the past 24 years with Lincoln-Way High School District 210, I reflect on the wonderful experience I have had working with you and your staff because you care about kids, you understand the needs of the community, and you all absolutely love helping make the Frankfort Square community the most productive in the Will County area.

Thanks to all of you for the quality of life you have created for the Frankfort Square community. You deserve the National Recreation and Park

Association Gold Medal Award more than any park district in the United States of America.

Sincerely,
