

RESIDENT INPUT SUMMARY

1/16/17 to 2/14/17

Old Business

- 11/17 SSSRA staff emailed to request help fixing their flagpole.
 - 11/17 Park maintenance replied that the key will be located, tested to determine if a repair is needed, and previous estimate for a light on the pole will be found.
 - As of 1/16, a new key was ordered from the flag pole company.

New Business

- 1/18 A neighboring park district emailed a request to borrow a large drain rodder. Staff responded stating our rodder is small, and a contact was provided to the FSPD plumber that may be of assistance.
- 1/25 The Association Manager for the Lighthouse Pointe subdivision emailed to let us know a neighbor's trampoline had blown into the wetlands and needed to be removed.
 - 1/26 Park staff cut the trampoline into pieces, hauled them up to the road, loaded into a Park truck, and deposited the pieces in the Park dumpster.
- 2/6 A Troop 237 Boy Scout emailed asking if we could help him with project ideas he could do for District as his Eagle Scout project.
 - 2/7 Park staff replied with two ideas: native planting around our new boardwalk; and waterproofing the existing boardwalks.
- 2/7 Park District administrative staff received an email informing us that a garbage can at Lighthouse Pointe Park was missing.
 - 2/8 A replacement can and lid was delivered, and litter was picked up in the area. Park staff later replied to the neighbor thanking him for the 'heads up'.
- 2/8 School District 161 called asking if we were salting school sites.
 - They were informed that Park maintenance had already been out applying salt.
- 2/14 A resident called to inquire about the size of the dog park.
 - Park staff returned the call, leaving a message that the dog park is 20,000 square feet, or slightly less than half an acre.
